

Software Engineers

Itree is a highly regarded, professional software development company currently located on the campus of the University of Wollongong and in the Sydney CBD.

Itree specialises in world leading, high technology business applications in the National Transport sector, working closely with Compliance and Enforcement agencies throughout Australia and New Zealand.

Due to continuing growth in Australia & New Zealand, Itree is now looking for Software Engineers for its Wollongong development teams. To further accommodate this growth Itree will soon be moving to new offices at the UoW Innovation Centre.

Itree rewards its staff with competitive salaries, flexible working conditions, training and the opportunity to advance their skills by working in a challenging technical environment.

Qualification and Skills:

- Excellent academic results
- Strong Java skills
- Ability to work in a cross-functional development environment
- Customer focussed attitude with good verbal and written communication skills.

Desirable skills

- Oracle 9i, PL/SQL or SQL Server
- Unix [Solaris], CVS, Ant, Eclipse
- Hibernate ORM, Spring framework
- Web Services/SOAP, Struts, JSF, JavaScript, AJAX
- Oracle 10g AS, Tomcat

Whilst the positions required are for Itree's Wollongong office the successful candidate(s) may sometimes be required to travel to Itree's Sydney office for client meetings etc.

For consideration please forward your resume to careers@itree.com.au

Only Australian and permanent residents will be considered for permanent roles.
